

## How can you get involved?

Our member Groups welcome volunteers to help in:

- Revegetation projects – weeding, pest animal management, planting
- Monitoring & caring for native fauna
- Plant identification & native plant propagation
- Supporting displays at festivals, forums & schools
- Backroom jobs eg, bookkeeping, secretarial, newsletters, marketing

## What can Landcare do for you?

- Protect & restore the environment
- Gain access to grant funding
- Increase wildlife habitat
- Provide advice on local environmental issues
- Provide access to equipment & volunteers
- Connect with others caring for the land

Please contact us for further information and to find out how to:

- ✓ Join a landcare or Friends group
- ✓ Set-up a group in your area
- ✓ Donate to or support a group or local activity

## What is Landcare?

Landcare is an environmental volunteer movement that started in Victoria in 1986. It involves thousands of Victorians in more than 750 groups working together to shape the future of our land, biodiversity and waterways. Landcare has further grown into both a national and international movement.
